Financial Highlights

** excluding Right of Use Assets under PSAK 116*

In 2026, Indosat and Arsari Group officially established a strategic partnership through PT Infra Fiber Teknologi (IFT), creating one of Indonesia's leading independent digital fiber infrastructure platforms. IFT aims to strengthen the country's digital infrastructure backbone and support the accelerated advancement of Indonesia's digital transformation agenda. The launch represents a significant milestone in the shared commitment of both organizations to expanding access to high-quality, open-access digital infrastructure nationwide.

Indosat has entered into a strategic partnership with Nokia to modernize its mobile network infrastructure nationwide through the deployment of an advanced 5G Radio Access Network (RAN). As a principal technology partner, Nokia will support the implementation of 5G across low-band and mid-band spectrum frequencies. The initiative is designed to establish a high-performance, AI-enabled network and enhance the digital experience for customers through improved reliability, responsiveness, and seamless connectivity.

** EBITDA (earnings before interest, taxes, depreciation and amortization) is a non-IFAS measure that management believes is a useful supplemental measure of cash generated prior to debt service, capital expenditures and income tax. Investors are cautioned that EBITDA should not be construed as an alternative to net income determined in accordance with IFAS as an indicator of the Company's performance or to cash flows from operations as a measure of liquidity and cash flows. EBITDA does not have a standardized meaning prescribed by IFAS. The Company's method of calculating EBITDA may differ from the methods used by other companies and, accordingly, it may not be comparable to similarly titled measures used by other companies.*

UNAUDITED INTERIM CONSOLIDATED STATEMENTS OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME

Revenues of IDR30,653.1 billion were recorded for 1H 2026, an increase of IDR3,543.5 billion or 13.1% higher compared to 1H 2025. The Company's Cellular, MIDI, and Fixed Telecommunication business each contributed 83.3%, 15.3%, and 1.4%, respectively, to the consolidated revenues for the six-month period ended 30 June 2026.

- ***Cellular Revenues*** increased by 12.2% compared to 1H 2025, attributable to increase in data and value-added services (VAS) offset by decrease in voice, SMS and interconnection services.
- ***MIDI Revenues*** increased by 18.5% compared to 1H 2025, attributable to increase in IT Services and Fixed Connectivity and Fixed Internet.
- ***Fixed Telecommunication Revenues*** increased by 8.4% compared to 1H 2025 driven by increase in international call offset by decrease in fixed line.

Expenses of IDR22,915.3 billion were recorded on 1H 2026, an increase of IDR989.3 billion or 4.5% higher compared to 1H 2025. This increase was mainly due to increases in cost of services, depreciation and amortization, personnel expenses, marketing and general & administrative expenses offset by increase in other operating income (expense) - net.

- ***Cost of Services:*** increased by IDR1,060 billion or 9.2% higher than 1H 2025, mainly due to increase in installation, partnership, rental and related services, radio frequency fee, maintenance, utilities and interconnection costs offset by lower telecommunication device, starter pack and voucher.
- ***Depreciation and Amortization:*** increased by IDR334.2 billion or 4.2% higher than 1H 2025, mainly due to additional assets from network roll out and customer contract amortization.

- ***Personnel Expenses:*** increased by IDR678.4 billion or 45.1% higher than 1H 2025 mainly due to higher variable performance-based compensation, including bonuses and incentives.
- ***Marketing Expenses:*** increased by IDR21.7 billion or 2.7% higher than 1H 2025, mainly due to increase in customer service, subscriber acquisition cost and exhibition offset by decrease in promotion and marketing agency.
- ***General and Administrative Expenses:*** increased by IDR35.4 billion or 8.7% higher than 1H 2025 mainly due to increase in professional fees, offset by decrease in public relations and rent.
- ***Other Operating Income (Expense) – net:*** increased by IDR1,140.4 billion or 379.4% higher than 1H 2025 mainly due to one-off benefit from FiberCo monetization gain in 1H 2026 offset by higher operational gain recognized in 1H 2025 from gain on disposal of asset and prior year tax reversal .

Other Expenses - net: The Company recorded other expenses-net of IDR2,124.4 billion, increased by IDR25 billion or 1.2% higher than 1H 2025 due to an increase in finance cost offset by increase in gain (loss) on foreign exchange – net and interest income.

Profit for the Period Attributable to Owners of the Parent: The Company recorded net profit of IDR4,308.9 billion, increased by IDR1,973.6 billion primarily due to increase in revenue and other operating income (expense) – net offset by increase in cost of services, depreciation and amortization, personnel, marketing, general and administrative expenses and other expenses-net.
